

Celebrating 40 Years in the Ministry!

Dear Friend,

You're all invited to celebrate with us the amazing things God has done in our ministry. Margaret and I are so excited and want you to be a part of the celebration. Of course we know many of you just live too far away but we wanted you to know how special you are. If you live or will be visiting California please come and enjoy some food, fellowship and special music.

Date: October 3, 2009 1:00-3:00 pm Luncheon
Place: Bennett's Ranch - 25801 Rd. 132 – Visalia, CA 93292
RSVP: 559.562.5305 or brotony_margaret@yahoo.com by September 10th.
Let us know how many will be attending so we can plan the meal accordingly.

Oaxaca is the Indian state of Mexico located Southeast of Mexico City. Tibercio's village of San Pedro is located 7000 ft up the mountains. The three weeks went by fast but we were busy with preaching, teaching and encouraging the churches in the area.

Margarito was one of the first to be baptized from one of the Indian labor camps in Baja and he and his wife now serve the Lord as pastors of a small church in the village of Yucumithe.. When he introduced me to a gathering of about 300 people he honored me by saying he considered me his spiritual father. How exciting and thrilled to hear that many that came to the Lord in the beginning of the ministry in Mexico are now serving Him. "His words will not come back void". Praise the Lord!

We were able to purchase much needed teaching materials and books for our Bible Training Center. Genaro, a young man of 27 has returned from Florida to live in his home town of San Pedro. He is now working as Pastor Tibercio's assistant and will be heading up the training center.

There was a good turn out for our days and nights of training and the church was packed at the evangelistic services. You'll not find anywhere a group of people so dedicated to prayer. They believe that God does what He

This was our 3rd annual MIYH leadership conference.

says and they have seen many miracles of healing. On Sunday morning I was awoken by loud voices and it was only 5:30 am. Many had gathered to pray for the days services.

Remember the air-hammer that was purchased with money raised by some of you, our faithful supporters? Here's a picture of Genaro demonstrating the hammer. This tool will be used to mine the green rock that is highly sought after for special construction projects in the large cities.

Margaret and I pray for God's blessings to be on you and your families.

Your missionaries,

Bro. Tony and Margaret
